Why Us

Thiiri is a Kimeru word for peace.

Thiiri Cultural center is a unique tourist getaway located outside Meru Town halfway between Meru and Samburu National parks. Thiiri is not a typical hotel; it is a vacation and retreat center surrounded by spacious lawns and gardens. It provides a serene setting for those who want to get away and from the hustle of towns and large resorts.

The center is gulfed with spacious lawns and gardens plus recreational facilities including swimming pools.

It is a popular destination for weddings, seminars and community activities including children playing grounds.

We are dedicated to creating a space for the community to rediscover and learn more about their culture and the indigenous knowledge and skills that can bridge the past, present and future whilst providing new opportunities to empower individual, group and community development through music, arts, enterprise and recreation.
